PROFESSIONAL SUMMARY

Python Full Stack Developer with hands-on training in HTML5, CSS3, JavaScript, and Python OOP. Completed a 3-month internship at 8Queens Technology gaining practical experience in frontend development. Built projects including a CRUD application using Python and MySQL, a personal portfolio website, and a JavaScript form validation project with Local Storage integration. Seeking a Junior Developer role to apply full stack skills in a real-world environment.

TECHNICAL SKILLS

Languages	Python, JavaScript, SQL
Frontend	HTML5, CSS3, JavaScript (ES6), DOM Manipulation, Flexbox, Grid, CSS Animations
Backend	Python, Flask (basics), PyMySQL, CRUD Operations
Database	MySQL, SQL Queries, JOINS, Subqueries
Concepts	OOP, Exception Handling, File Handling, Form Validation, Local Storage API, REST API basics
Tools	Git, VS Code, Canva, Framer AI, Midjourney, Power BI (basic), Excel

INTERNSHIP

Frontend Development Intern — 8Queens Technology

3 Months (2024) | Chennai

- Completed a 3-month hands-on internship focused on frontend web development using HTML, CSS and JavaScript
- Built and styled responsive web pages applying Flexbox, Grid layout, and CSS animations in real project tasks
- Gained practical exposure to clean UI design principles, cross-browser compatibility, and code structuring
- Worked on assigned tasks independently, delivering frontend components within given timelines

PROJECTS

CRUD Application | Python, PyMySQL, MySQL

- Developed a full Create, Read, Update, Delete application using Python and PyMySQL to manage records in a MySQL database
- Implemented structured try-except exception handling to manage database connection errors and invalid inputs gracefully
- Used modular functions for each CRUD operation to follow clean code and reusability principles

Personal Portfolio Website | HTML5, CSS3

- Designed and developed a responsive personal portfolio website to showcase skills, projects, and professional profile
- Implemented clean UI with responsive design using Flexbox and Grid for better user experience across devices
- Applied CSS animations to enhance visual interactivity

Form Validation with Local Storage | HTML5, CSS3, JavaScript

- Built a dynamic form with client-side validation using JavaScript — checks empty fields, email format via regex, and shows real-time error messages
- Integrated Local Storage API to persist user-submitted form data across browser sessions without a backend server
- Handled edge cases like duplicate entries and invalid input formats to ensure data integrity

3D Rotating Card | HTML5, CSS3

- Created an interactive 3D flip animation card using CSS transform and transition properties

- Implemented hover effects to rotate the card smoothly — showcased advanced CSS animation without JavaScript

EDUCATION

Bachelor of Computer Applications (BCA) Dr. MGR Janaki College for Women — Adyar, Chennai Percentage: 76%	2021 – 2024
Higher Secondary (12th) Govt. Higher Secondary School Percentage: 80%	2020 – 2021
Secondary (10th) Govt. Higher Secondary School Percentage: 64.5%	2018 – 2019

WORK EXPERIENCE

Process Associate — HCL Technologies	2025 – 2026 Chennai
• Maintained high accuracy in accounts payable and billing operations ensuring timely processing • Managed vendor queries related to invoices and payments, ensuring timely resolution and stakeholder communication • Handled AP mailbox and performed high-volume data entry with attention to detail and process compliance
